Directions and more information at <http://sandiegonavhda.com>

Every year dogs are bitten by rattlesnakes in San Diego County requiring vet bills that range from \$1500 to \$5000. Avoidance training teaches your dog to identify the sight, smell and sound and thus stay away from rattlesnakes. If you live near a canyon or take your dog on hikes in the open space or back county, your dog could likely encounter a rattlesnake. Avoidance training could save your dog's life.
